Subject Index

Abdominal injuries
trauma radiology: part I. computerized tomographic imaging of abdominal trauma (Mirvis and Shanmuganathan) 1994;9:151 (Analytic review)
Abscess
percutaneous abscess drainage: current applications for critically ill patients (Oglevie et al) 1994;9:191 (Analytic review)
Acute acalculous cholecystitis. *See* **Cholecystitis**
Acute organ-system failure. *See* **Multiple organ failure**
Acute renal failure. *See* **Kidney failure, acute**
Airway obstruction
critical care of intrathoracic complications of lung cancer (Schultz and Murren) 1994;9:98 (Analytic review)
Aneurysm
pseudoaneurysm formation subsequent to pulmonary artery catheter–induced hemorrhage (Hasnain) 1994;9:207 (Case report)
Angiography
trauma radiology: part III. diagnostic and therapeutic angiography in trauma (Mirvis and Pais) 1994;9:244 (Analytic review)

Blood conservation/salvage
blood conservation and blood salvage (Goodnough et al) 1994;9:86 (Analytic review)
Blood transfusion, autologous
blood conservation and blood salvage (Goodnough et al) 1994;9:86 (Analytic review)
Book reviews
Cardiac and Pulmonary Management, by Khan (Gitler) 1994;9:164
Clinical Electrocardiography: Pretest Self-Assessment and Review, by Zimmerman (Okin) 1994;9:316
Critical Care Nursing: Body-Mind-Spirit, by Dossey et al (O'Connor) 1994;9:52
Handbook of Coronary Care, ed 5, by Alpert and Francis (Tamarin) 1994;9:261
Intensive Respiratory Care, ed 2, by Luce et al (Brandstetter) 1994;9:164
Monitoring in Anesthesiology: Current Standards and Newer Techniques (International Anesthesiology Clinics, Summer Issue), edited by Royston and Feeley (Abel) 1994;9:210
Principles of Critical Care, edited by Hall et al (Brandstetter) 1994;9:114
Surgical Intensive Care, by Barie and Shires (Levien) 1994;9:210
Brain diseases
re: septic encephalopathy (Barie et al) (Letter); (Maher and Young) (Reply) 1994;9:165
Brain injuries
trauma radiology: part IV. imaging of acute cranioce-

rebral trauma (Mirvis and Shanmuganathan) 1994;9: 305 (Analytic review)

Burns
management of burn wounds with prompt excision and immediate closure (Sheridan et al) 1994;9:6 (Analytic review)
promises of excisional therapy of burn wounds: have they been achieved? (Hansbrough) 1994;9:1 (Editorial)

Cardiac transplantation. *See* **Heart transplantation**
Catheterization
pseudoaneurysm formation subsequent to pulmonary artery catheter–induced hemorrhage (Hasnain) 1994;9:207 (Case report)
Catheterization, central venous
hydrothorax after inadvertent placement of a central venous catheter in the left pericardiophrenic vein (Trujillo and Arai) 1994;9:257 (Case report)
Cerebral injuries. *See* **Brain injuries**
Cholecystitis
acute acalculous cholecystitis (Walden et al) 1994;9: 235 (Analytic review)
Clinical risk for babies
measuring illness severity in newborn intensive care (Richardson and Tarnow-Mordi) 1994;9:20 (Analytic review)
neonatal severity of illness: catch-up growth (Pollack) 1994;9:4 (Editorial)
Computed tomography. *See* **Tomography, x-ray computed**
Correspondence
re: septic encephalopathy (Barie et al) (Letter); (Maher and Young) (Reply) 1994;9:165
Cost-benefit analysis
blood conservation and blood salvage (Goodnough et al) 1994;9:86 (Analytic review)
Cranial injuries. *See* **Skull injuries**
Cross infection
serious infections caused by *Pseudomonas aeruginosa* (Artenstein and Cross) 1994;9:34 (Analytic review)

Decision-making
contextual nature of critical care judgment (Goldman and Ravindranath) 1994;9:58 (Analytic review)
creating a rational system for reviewing clinical decision-making: the time-critical review (Richards and Hutchison) 1994;9:55 (Editorial)
Deep venous thrombosis. *See* **Thrombophlebitis**
Diabetes mellitus
pancreas-kidney transplantation for intensivists: perioperative care and complications (Fabrega et al) 1994;9:281 (Analytic review)
Drainage
percutaneous abscess drainage: current applications for critically ill patients (Oglevie et al) 1994;9:191 (Analytic review)
Drug toxicity
neuroleptic malignant syndrome: a review for intensivists (Prager et al) 1994;9:227 (Analytic review)

Encephalopathy. *See* **Brain diseases**
Excisional therapy
management of burn wounds with prompt excision and immediate closure (Sheridan et al) 1994;9:6 (Analytic review)
promises of excisional therapy of burn wounds: have they been achieved? (Hansbrough) 1994;9:1 (Editorial)

Gallbladder diseases
acute acalculous cholecystitis (Walden et al) 1994;9: 235 (Analytic review)
Graft rejection
cardiac transplantation: a review for critical care nurses (Ohler et al) 1994;9:211 (Analytic review)

Heart transplantation
cardiac transplantation: a review for critical care nurses (Ohler et al) 1994;9:211 (Analytic review)
Hemodialysis
continuous renal replacement therapy for critically ill patients: an update (van Bommel et al) 1994;9:265 (Analytic review)
renal replacement therapy in the intensive care unit (Fan) 1994;9:263 (Editorial)
Hemofiltration
continuous renal replacement therapy for critically ill patients: an update (van Bommel et al) 1994;9:265 (Analytic review)
renal replacement therapy in the intensive care unit (Fan) 1994;9:263 (Editorial)
Hemolytic uremic syndrome
morbidity and mortality in adults with "idiopathic" thrombotic thrombocytopenic purpura/hemolytic uremic syndrome (Goodnough et al) 1994;9:167 (Original research)
Hemoptysis
critical care of intrathoracic complications of lung cancer (Schultz and Murren) 1994;9:98 (Analytic review)
Hemorrhage
pseudoaneurysm formation subsequent to pulmonary artery catheter–induced hemorrhage (Hasnain) 1994;9:207 (Case report)
High-frequency ventilation
high frequency ventilator therapy for newborns (Cronin) 1994;9:71 (Analytic review)
Hydrothorax
hydrothorax after inadvertent placement of a central venous catheter in the left pericardiophrenic vein (Trujillo and Arai) 1994;9:257 (Case report)

Immunosuppression
cardiac transplantation: a review for critical care nurses (Ohler et al) 1994;9:211 (Analytic review)
Infant, newborn
high frequency ventilator therapy for newborns (Cronin) 1994;9:71 (Analytic review)
measuring illness severity in newborn intensive care (Richardson and Tarnow-Mordi) 1994;9:20 (Analytic review)

neonatal severity of illness: catch-up growth (Pollack) 1994;9:4 (Editorial)

Judgment
contextual nature of critical care judgment (Goldman and Ravindranath) 1994;9:58 (Analytic review)

Kidney failure, acute
continuous renal replacement therapy for critically ill patients: an update (van Bommel et al) 1994;9:265 (Analytic review)
renal replacement therapy in the intensive care unit (Fan) 1994;9:263 (Editorial)
Kidney failure, chronic
pancreas-kidney transplantation for intensivists: perioperative care and complications (Fabrega et al) 1994;9:281 (Analytic review)
Kidney transplantation
pancreas-kidney transplantation for intensivists: perioperative care and complications (Fabrega et al) 1994;9:281 (Analytic review)

Laparoscopy. *See* **Peritoneoscopy**
Letters
re: septic encephalopathy (Barie et al) (Letter); (Maher and Young) (Reply) 1994;9:165
Lung diseases
tension pneumothorax: etiology, diagnosis, pathophysiology, and management (Gilbert and McGrath) 1994;9:139 (Analytic review)
Lung neoplasms
critical care of intrathoracic complications of lung cancer (Schultz and Murren) 1994;9:98 (Analytic review)

Morbidity
morbidity and mortality in adults with "idiopathic" thrombotic thrombocytopenic purpura/hemolytic uremic syndrome (Goodnough et al) 1994;9:167 (Original research)
Mortality
morbidity and mortality in adults with "idiopathic" thrombotic thrombocytopenic purpura/hemolytic uremic syndrome (Goodnough et al) 1994;9:167 (Original research)
prediction rule for mortality in the medical intensive care unit based on early acute organ-system failure (Gordan et al) 1994;9:172 (Original research)
Multiple organ failure
prediction rule for mortality in the medical intensive care unit based on early acute organ-system failure (Gordan et al) 1994;9:172 (Original research)
Mycobacterium tuberculosis
occult tuberculosis in the intensive care unit (Eveloff et al) 1994;9:64 (Analytic review)

Neonate. *See* **Infant, newborn**
Neuroleptic malignant syndrome
neuroleptic malignant syndrome: a review for intensivists (Prager et al) 1994;9:227 (Analytic review)
Neuromuscular diseases
neuromuscular diseases in the intensive care unit (Phillips) 1994;9:117 (Editorial)
polyneuropathy of critical illness (Bolton) 1994;9:132 (Analytic review)

Organ-system failure. *See* **Multiple organ failure**

Pancreas transplantation
pancreas-kidney transplantation for intensivists: perioperative care and complications (Fabrega et al) 1994;9:281 (Analytic review)
Percutaneous abscess drainage. *See* **Drainage**
Pericardial effusion
critical care of intrathoracic complications of lung cancer (Schultz and Murren) 1994;9:98 (Analytic review)
Pericardiophrenic vein
hydrothorax after inadvertent placement of a central venous catheter in the left pericardiophrenic vein (Trujillo and Arai) 1994;9:257 (Case report)
Peritoneal dialysis
continuous renal replacement therapy for critically ill patients: an update (van Bommel et al) 1994;9:265 (Analytic review)
renal replacement therapy in the intensive care unit (Fan) 1994;9:263 (Editorial)
Peritoneoscopy
complications of laparoscopy and thoracoscopy (Paw and Sackier) 1994;9:290 (Analytic review)
Pneumothorax
tension pneumothorax: etiology, diagnosis, pathophysiology, and management (Gilbert and McGrath) 1994;9:139 (Analytic review)
Polyneuropathy
neuromuscular diseases in the intensive care unit (Phillips) 1994;9:117 (Editorial)
polyneuropathy of critical illness (Bolton) 1994;9:132 (Analytic review)
Pseudoaneurysm. *See* **Aneurysm**
Pseudomonas aeruginosa
serious infections caused by *Pseudomonas aeruginosa* (Artenstein and Cross) 1994;9:34 (Analytic review)
Pulmonary artery
pseudoaneurysm formation subsequent to pulmonary artery catheter–induced hemorrhage (Hasnain) 1994;9:207 (Case report)
Pulmonary embolism
pulmonary embolism in the intensive care unit (Tapson and Fulkerson) 1994;9:119 (Analytic review)
Purpura, thrombotic thrombocytopenic
morbidity and mortality in adults with "idiopathic" thrombotic thrombocytopenic purpura/hemolytic uremic syndrome (Goodnough et al) 1994;9:167 (Original research)

Radiology
percutaneous abscess drainage: current applications for critically ill patients (Oglevie et al) 1994;9:191 (Analytic review)

trauma radiology: part I. computerized tomographic imaging of abdominal trauma (Mirvis and Shanmuganathan) 1994;9:151 (Analytic review)
trauma radiology: part II. diagnostic imaging of thoracic trauma: review and update (Mirvis and Shanmuganathan) 1994;9:179 (Analytic review)
trauma radiology: part III. diagnostic and therapeutic angiography in trauma (Mirvis and Pais) 1994;9:244 (Analytic review)
trauma radiology: part IV. imaging of acute craniocerebral trauma (Mirvis and Shanmuganathan) 1994;9:305 (Analytic review)

Respiration, artificial
high frequency ventilator therapy for newborns (Cronin) 1994;9:71 (Analytic review)

Reviewing
contextual nature of critical care judgment (Goldman and Ravindranath) 1994;9:58 (Analytic review)
creating a rational system for reviewing clinical decision-making: the time-critical review (Richards and Hutchison) 1994;9:55 (Editorial)

Score for Neonatal Acute Physiology
measuring illness severity in newborn intensive care (Richardson and Tarnow-Mordi) 1994;9:20 (Analytic review)
neonatal severity of illness: catch-up growth (Pollack) 1994;9:4 (Editorial)

Septicemia
polyneuropathy of critical illness (Bolton) 1994;9:132 (Analytic review)
re: septic encephalopathy (Barie et al) (Letter); (Maher and Young) (Reply) 1994;9:165

Severity of illness index
measuring illness severity in newborn intensive care (Richardson and Tarnow-Mordi) 1994;9:20 (Analytic review)
neonatal severity of illness: catch-up growth (Pollack) 1994;9:4 (Editorial)

Skull injuries
trauma radiology: part IV. imaging of acute craniocerebral trauma (Mirvis and Shanmuganathan) 1994;9:305 (Analytic review)

Superior vena cava syndrome
critical care of intrathoracic complications of lung cancer (Schultz and Murren) 1994;9:98 (Analytic review)

Tension pneumothorax. *See* **Pneumothorax**

Thoracic injuries
trauma radiology: part II. diagnostic imaging of thoracic trauma: review and update (Mirvis and Shanmuganathan) 1994;9:179 (Analytic review)

Thoracoscopy
complications of laparoscopy and thoracoscopy (Paw and Sackier) 1994;9:290 (Analytic review)

Thromboembolism
pulmonary embolism in the intensive care unit (Tapson and Fulkerson) 1994;9:119 (Analytic review)

Thrombophlebitis
pulmonary embolism in the intensive care unit (Tapson and Fulkerson) 1994;9:119 (Analytic review)

Thrombotic thrombocytopenic purpura. *See* **Purpura, thrombotic thrombocytopenic**

Time-critical review
creating a rational system for reviewing clinical decision-making: the time-critical review (Richards and Hutchison) 1994;9:55 (Editorial)

Tomography, x-ray computed
trauma radiology: part I. computerized tomographic imaging of abdominal trauma (Mirvis and Shanmuganathan) 1994;9:151 (Analytic review)

Tranquilizing agents, major
neuroleptic malignant syndrome: a review for intensivists (Prager et al) 1994;9:227 (Analytic review)

Trauma. *See* **Wounds and injuries**

Tuberculosis
occult tuberculosis in the intensive care unit (Eveloff et al) 1994;9:64 (Analytic review)

Wound infection
management of burn wounds with prompt excision and immediate closure (Sheridan et al) 1994;9:6 (Analytic review)
